JULY 2024 TRESTLE BOARD

Published by Bro. Voltaire L. T. on July 12, 2024

Bro. Stanly Briones

From the Building Manager

Brethren,

*The Hall is still waiting for an update/counter-offer on our Cell Tower Project. Once an agreement is discussed the project will be sent to the Grand Lodge for final approval.

*Our kitchen project is waiting for Hedricks to do the final connection of the modified gas valve to the Ansul system. Once this portion of the project is satisfied the Fire Marshall will do the final walk through and potentially lift the Red Tag.

*We have a rental on the books for August 31st.

* A special thanks to: Brother Mike who installed the gas valve and cleaned and painted the oven doors, And the brethren who have continued to fill-up our dumpster with the weeds, trash, and cement blocks.

TURN OFF
